Cane-line®

Unique & flexible chair responsibly produced

1. ALL PARTS REPLACEABLE & UPGRADEABLE

Configure Choice in countless ways to match your needs and demands, alter it if your needs are changing and create dining, counter and bar options.

2. GLUE FREE, EASY TO RE-USE MATERIALS

Smart click on / off system so upholstery can be changed as needed. No glue. All materials can be separated and re-cycled.

3. OUTDOOR & INDOOR USE

Create the same look and feeling outdoors as indoors. The cover can be changed without use of tools, making it easy to clean or change.

4. FLEXIBLE DESIGN WITH DYNAMIC COMFORT

Grooves in the back ensures a dynamic, flexible backrest and the open construction of the shell provides “airflow” and ventilation.

5. QUICKDRY & AIRFLOW SYSTEM

Cane-line QuickDry & Airflow system offers cushions with special QuickDryFoam®. The unique cushion composition ensures quick drainage after heavy rain and effective air circulation in humid weather conditions.

The benefit is dry cushions app. one hour after downpour and no risk of mould building inside the cushions due to the constant air circulation. Outdoor only.

6. POWDER COATED HOT-DIP GALVANIZED STEEL

The outdoor steel legs are hot-dip galvanized, which is the best corrosion protection of steel. Secures a resistant and hard-wearing surface with long lifespan and a minimum of maintenance.

7. CHOICE BASE SHELL

The coloured shells are produced with 98% recycled Polypropylene, and the white shell with 30%.

8. SMART CLICK ON / OFF SYSTEM

Smart click on / off system so upholstery can be changed as needed.

The Life Cycle of Choice

Responsibility Principles

Cane-line believes that responsibility goes beyond the design and production of furniture. We are committed to a healthy environmental policy and an ongoing focus on minimizing our societal and environmental impact.

Responsibility and environmental awareness are a natural part of Cane-line's values, and have therefore been implemented as a part of our company for many years. As we acquire more knowledge and awareness on our environmental footprints, we continue to work and improve all aspects of our production in a more responsible direction.

Each product in our assortment is produced with care and respect. Responsibility is embedded in every stage of our company, from design process, choice of material, production process and even the end stage after many years of use. We believe that great design is responsible design.

The ISO14001 certification, SMETA audition, our engagement in UN Global Compact and the Sustainable Development Goals express our dedication towards this cause.

WELLING/LUDVIK

The design duo Welling/Ludvik, Hee Welling and Gudmundur Ludvik, are contributing to the renewal of environmentally friendly design centered around personal experience.

They are defined by a pure aesthetic, stripping away excess and letting each detail serve a functional purpose. They aim to achieve the best possible solution as seen from a number of perspectives. Comfort, materials, construction, pricing and environment are all defining factors in their approach to design.

Cane-line is a Danish design company with more than 30 years of experience in designing and manufacturing functional and comfortable furniture.

Life made comfortable is the very essence of Cane-line. All over the world our mission is the same – to make life comfortable and add value to life and the places where you unwind and relax. We are constantly focusing on quality, innovative technologies and comfort in both products and life to ensure that our furniture is made with the greatest care for the environment and the well-being of people.
