

# T-TABLE

MARC MERCKX

## DESCRIPTION

The elegant T-Table with its refined proportions and elegant materials, inspires daydreams of a glamorous 'la dolce vita' existence. Still water disturbed by a breeze is the visual reference for the T-Table. The light-reflective, hand crafted glazed lava stone top mirrors the sky and adds a unique quality with its naturally occurring imperfections. The glazing, adorned with a subtle crackle finish, makes the stone heat, water, UV and stain resistant. The pure and simple form of the T-Table, available in various heights and dimensions, is designed to fit harmoniously with other designs in the Tribù collection.

## MATERIALS

- Frame: 304 stainless steel, powdercoated with a durable polyester coating
- Table top: glazed lava stone

## PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Always make sure that furniture, cushions and covers are completely dry before covering furniture.

## MAINTENANCE

### Frame

Clean the aluminium frame with tap water and a PH neutral soap. For stubborn stains, use Aluminium Cleaner. We advise to use Metal Protector twice a year which applies an invisible film and protects the aluminium against the adhesion of dirt.

Cleaner

D9930  
Metal Protector Teflon®  
(spray that lays an invisible dirt-repellent film)

### Table top

Glazed lava stone is easy to maintain with clean water and a pH neutral liquid detergent. Possible stains can be removed with Glass & Ceramic Cleaner. To protect the surface we recommend Ceramic Protector which fills the micro pores so dirt particles won't attach to the surface and will be rain-washed.
